Diocese Of Ely

4th March 2021

Dear Sirs

Consultation on a proposal to amalgamate Wormegay CofE Primary School with Runton Holme CofE Primary School, to change the catchment area of Runton Holme CofE, and to change the name of the amalgamated school.

We are writing in respect of the above consultation.

The Parish Council do acknowledge the benefit of the amalgamation of the two schools, as it means the creation of one viable school, and have no objections to the principle of this.

However, we do have concerns that there may be additional costs incurred by the families of those that have to travel further and we would like to see arrangements made to support those. Either, in the way of transport being provided or financial assistance being given to those affected?

The Parish Council do strongly object to the proposal to change the name of Runton Holme CofE Primary School to The Holy Cross Primary Academy, and we would also like the retention of Runton Holme in the name of the amalgamated school.

Kind regards

Pippa Winson

Parish Clerk
